To whom it may concern,

It is the time of year when here at Southwest Middle School is gearing up to raise money for Autism and Special Olympics. This year we have a new opportunity to help those in our community who are affected by Autism. We will be holding a student/faculty basketball game at the school on February 12, 2009. All the proceeds and donations will be donated to the local chapter of the Autism Society.

We also are busy collecting money for the Polar Plunge. This is an event held at Emerald Pointe to raise money for Special Olympics. All the money goes to help local Special Olympic events.

We need your help. We need donations of gift cards, coupons, etc. from your establishment to make our fundraiser a BIG success. Your donations will be used for incentives for donations. They will be given out through a raffle.

Thanks in advance for your help! Your contribution is going to directly affect a child here in your community!
